NOTICE TO HOMESTEADERS

The following notice was received this morning from the Roswell Land Office: "You are respectfully advised that all notices of intention which are now before this office are being acted upon."

The first publication of all notices of intention will occur during the week of March 20-26. The date of all the proofs will be between the 6th and the 16th of May. The early date will be given where it is possible to do so without swamping the commissioner. We regret the delay which has occasioned the setting of these proofs but it has been impossible for the office to give them an earlier date."

FARMER'S MEETING.

Prof. J. D. Tinsley, Executive Committeeman of the New Mexico Agricultural College, met yesterday with a number of the farmers of this community and made them a very interesting and instructive talk on the subject of Dry Farming, also perfected the organization of The Kenna Farmer's Co-operative Society. The following officers were elected by the body in session: E. H. Northcutt, President; G. W. Brookshire, Vice President; J. Kimmons Secretary and Treasurer. The officers named and W. H. Cooper and P. M. Moore will constitute the Executive Committee, and P. M. Moore, C. H. Preiwee, and J. T. Abbott were chosen to conduct the Demonstrations and Experimental work. Prof. Tinsley, with the members of the society expects to visit the farmers of this section, and especially those doing experimental work, several times during the crop growing season. All the members of the organization seem to be very enthusiastic over the outcome of the meeting, and will try to make farming more of a science in the future. The Society will meet the last Saturday in each month, for the purpose of exchanging ideas and discussing general farm topics.

J. A. Kimmons, Secretary

Will Inspect Urton Project.

Attorney General L. W. Clancy Vernon Sullivan, territorial engineer, of Santa Fe; A. A. Jones and J. D. Hand, of Las Vegas, and L. M. Disney of Fort Sumner are making a hydrographic survey of the waters of the Pecos river this week, and will arrive in Fort Sumner on Saturday the 5th where ex-Governor Geo. Curry will join the party and go with it to the Urton lake. This trip will enable all parties to better understand the ultimate distribution of the waters of the Pecos with a view to an amiable settlement of the claims of the parties interested, so that litigation may be avoided and the irrigation project proceed. It is believed this will be the result of this trip and that the Urton lake project will be commenced at once. —Fort Sumner Review.

BOAZ ITEMS.

Mrs. J. M. Tims is visiting her daughter at Acme.

Wm. Horner is making a well on his claim joining the town site.

Mr. C. C. Sandidge is here getting land prepared on his claim for a spring crop.

Mrs. W. A. Martely is spending a few weeks with her husband, in Roswell.

Mrs. C. P. Moore, who has been in Texas for some time will be home this week.

Chas. Farors, of Ft. Worth, Texas was in town last week looking after his interest here.

Mr. J. H. Frasher and family left for Acme this week where he has employment.

Wm. Maples has moved recently from Texas, bringing a car load of stock and etc.

Mrs. G. E. Wright has been suffering for several days with pleurisy; but is better at this writing.

Mrs. Ada Harris, who has been spending a few days with her family here has returned to her work at Roswell.

P. A. Skala has returned from a business trip to Pecos, El Paso, and other points. He says work is scarce down there.

A. P. Smith has moved out to his claim northwest of town. He has put up a wind mill, fenced his land and is doing other work.

Our literary society will meet next Thursday evening. There has been a fine programme prepared and you will miss a treat if you are not there.

Pro. J. A. Tinsley will be here tomorrow to give some pointers on dry land farming.

Miss Florence Clark, who came in recently from Iowa, has about decided to make her home here for some time.

Eugene Roberson, who went to Plainview recently, has returned home sick.

Rev. J. N. Webb left this morning for Artesia where he will be engaged in a series of meetings for some time.

The balmy spring days of March, have given us a slight attack of "spring" fever. Some one has said that spring fever is only a polite way of being lazy, but we know that isn't true in Boaz.

Our Broom factory, opened in the fall by Messrs Page and Haile is doing well. They have worked up nearly all of the corn purchased at Elkins.

Mr. H. E. Frazier, six miles north of town, has a new well. It is 144 feet deep and stands 52 feet in water. He will put it to pumping and supply his less fortunate neighbors. Mr. Dunn from Kennn did the drilling.

The current club met with Mrs. S. S. Squire last Thursday evening. The topic was the "Panama Canal." The next meeting will be March 17th, at Mrs. Shambaugh's rooms in town. The topic will be the northern lights. Leader, Mrs. Mary Wool. All come.

Mr. W. M. Beaucamp and Mr. Northcutt, of Kenna, were here and organized a branch of the Anti-Saloon League. Let this good work go on and see New Mexico come in clean as far as the Saloons are concerned at least.

H. H. Goodin has returned home, after taking his examination at Amarillo, and is about to leave here to take up his old work again. We are sorry to see Harry leave but his family will remain here and we can expect to see him back occasionally.

We hope to see the factory enlarged and a large crop harvested here this season to keep it running steady. As corn was scarce this last year it is predicted that brooms will be one dollar each before another harvest. Oh well, never worry about that as Yucca will do, may be, for brooms or something.
